# Oregon Park District

The Oregon Park District Budget provides revenues and other financing sources as well as expenditures and other financing uses for the May 1, 2016 through April 30, 2017 fiscal year. The following budget and accompanying appropriations ordinance will ensure that the parks and recreation needs of our community are met. Fiscal planning and budget preparation are essential activities that help the District operate effectively and efficiently.

#### BUDGET PROCESS

The District began its annual budget preparation process in February. The tentative budget is developed using our board policies and our departmental requests. Our Budget will provide for the continued financial health of the District. The District's budget will provide funding for our recreation programs, care and maintenance of facilities, parks and capital improvements.

The tentative budget is formulated by our staff and then presented to the Finance Committee of our board. Upon recommendation by our Finance Committee the budget is presented to the full board and made open to public inspection for at least thirty days prior to adoption. The District must pass its annual budget and appropriations ordinance no later than July of each year.

#### DISTRICT GOVERNED BY

A five member volunteer Board of Commissioners. Current Board Members consist of Steve Pennock, President; Mark Tremble, Vice-President, Dave Bakener; Gary Davis; Dan Engelkes.

and the outlying areas.

#### PARKS & FACILITIES

The District is comprised of twelve park and building sites consisting of over 159 acres. The District currently manages the Nash Recreation Center,

#### STAFFING

The District employs 17 full-time employees and approximately 100 part time and seasonal employees throughout the year.

## **Budget Introduction & Discussion**

The Oregon Park District utilizes its annual Budget and Appropriations Packet to help our community in understanding its operations and overall footprint within the District.

#### **REVENUE OVERVIEW**

The Oregon Park District derives the majority of its revenue from real estate taxes. Other sources of revenue include grant proceeds, program fees, facility passes, facility rentals, interest and other miscellaneous income. The District annually issues a general obligation bond to assist the District in completing capital projects and to continue to maintain its facilities and infrastructure. More information on our G.O. Bonds can be found under the section labeled District Debt.

Overall revenue sources and their corresponding percentage of income have remained very consistent annually. The financial stability of our District is a result of the District's careful planning and use of our existing fund balances.

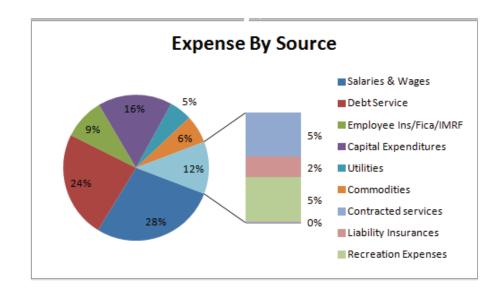

#### **EXPENSE OVERVIEW**

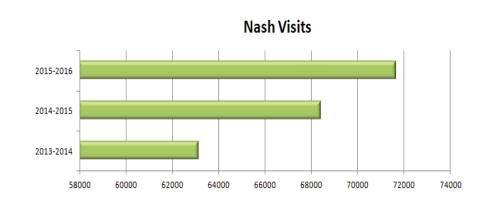

The majority of our expenditures are a direct result of our recreation programming. Parks and Recreation is a 'people business'; therefore salaries and wages are a large part of our budget. Attracting and retaining quality employee's is essential to the District's success. Our staff continues to search for more and more activities, programs and special events to help make Oregon a great place to 'live, work and play'.

#### FACILITY USAGE

The Oregon Park District operates both the Nash Recreation Center as well as the Blackhawk Center. The chart below details the annual visits to the Nash Recreation Center over the last three fiscal years. The Nash Recreation Center sees its highest use during the winter months. During the summer months the District hopes our residents are out enjoying our ten park sites.

Please go to www.oregonpark.org for more information on Nash, the Blackhawk Center, or any of our parks.

#### **YOUR TAXES**

The Oregon Park District takes great strides to make sure and provide our residents with the best services without negatively affecting their tax bills. Below is the tax breakdown for a typical Oregon City resident. The Oregon Park District receives less than 5 cents of every dollar a typical Oregon City Resident homeowner pays.

Please see our tax levy packet, published every December for more information on the Districts collection of real estate taxes.

Each of said sums of money and the aggregate thereof are deemed necessary by this Board to defray the necessary expenses and liabilities of this District during the fiscal year beginning May 1, 2016, and ending April 30, 2017 for the respective purposes set forth.

All unexpected balances of the appropriations for the fiscal year ended April 30, 2016, and prior years are hereby specifically reappropriated for the same general purposes for which they were originally made and may be expended in making up any insufficiency of any other items provided in this appropriation ordinance, in making this appropriation in accordance with applicable law.

The receipts and revenue of said District derived from sources other than taxation and not specifically appropriated, shall constitute the general corporate fund and shall first be placed to the credit of such fund.

SECTION III – The following determinations have been made and are hereby made a part of the aforesaid budget:

- (a) An estimate of the cash on hand at the beginning of the fiscal year is expected to be \$1,912,870.
- (b) An estimate of the cash expected to be received during the fiscal year from all sources is \$4,072,821.00.
- (c) An estimate of the expenditures contemplated for the fiscal year is \$4,564,790.00.
- (d) An estimate of the cash expected to be on hand at the end of the fiscal year is \$1,420,901.00.
- (e) An estimate of the amount of taxes to be received during the fiscal year is \$2,658,936.00.

SECTION IV – The receipts and revenues of the Oregon Park District derived from sources other than taxation and not specifically appropriated, and all unexpended balances from the preceding year not required for purposes for which they were appropriated and levied, shall constitute the General Fund and shall first be placed to the credit of such fund.

SECTION V – That all sums of money not needed for immediate specific purposes may be invested in the purchase of tax anticipation warrants issued by this District, in the purchase of municipal bonds issued by the District, and other interest bearing obligations of the United States or State of Illinois, including savings certificates of deposit of any State or National Bank, provided they are fully insured by Federal Deposit Insurance Corporation.

SECTION VI – All ordinances or parts of ordinances in confliction with any of the provisions of this ordinance be and the same are hereby repealed to the extent of such conflict. If any item or portion thereof of this budget and appropriation ordinance is for any reason held invalid, such decision shall not affect the validity of the remaining portion of such items or the remaining portion of this ordinance.

This ordinance shall be in full force and effect immediately upon its passage.

Adopted this 12<sup>th</sup> day of July, 2016 pursuant to a roll call vote as follows:

#### **ADMINISTRATION**

The District's Administration Department is responsible for the effective management of the District's financial arm, capital planning, information technology, human resources and marketing. The administration offices are located at the Nash Recreation Center.

The Administration Department annually completes required financial reports including the annual tax levy, budget and appropriations ordinance, prevailing wage ordinance, audit and financial statement and required federal and state reporting. The department also maintains the Districts financials systems, computer systems, video systems and recreation tracking systems. Public communication is delivered through quality publications, website and social media outlets, community outreach and general public relations. Additional activities such as the debt service administration, capital improvement plans and goal implementation and tracking.

#### RECREATION

The Recreation Department employs 7 full-time employees and approximately 70 part-time, seasonal and contracted employees in recreation programming.

The General Recreation Department generates the bulk of its revenue primarily through the continual childcare segments including the Children's Center, Extended Time, no school day programs and Camp Oh-Pea-Dee. The majority of expenses in this department involve payroll and activity supplies. The general recreation department is continually striving to increase programming and improve pre-existing, reoccurring programs while simultaneously keeping expenses as low as possible and focusing efforts on generating revenue.

For the past three fiscal years, the Extended Time proposed budget has remained the same while the actual end of the year totals have varied. The focus when constructing a budget for the 16/17 FY was to separate out new line items to better manage the total amount while simultaneously analyzing, in detail, a more realistic amount for the 16/17 FY. No School Day programs include Recreate & Celebrate, Kids Off The Couch Days, Winter Holi-Day Camp, Spring Fever Day Camp. The two line items combined are predicted to have a slightly higher revenue and expense amount due to increased registrations and supplies.

Camp Oh-Pea-Dee is expected to generate a higher revenue in the 16/17 FY due to allowing a higher enrollment maximum. With this increase comes a larger expense of a field trip bus contract with First Student, as well as a larger supply budget. These increases in expense may lower our net revenue but is predicted to increase and improve over the next couple years for a higher quality program.

The youth recreation budget is expected to have a slightly larger revenue due to new programming. The expenses are aligned to stay consistent with previous years. This line item (both revenue and expenses) are predicted to grow over the next couple years due to enhanced programming and marketing efforts.

The adult recreation budget is one of the General Recreation Depart-

ment's smallest budget but with the most potential. The proposed budget is aligned to a more realistic amount due to the actual year end amount for the past three fiscal years. This budget too is expected to grow over the next few years with new program offerings and marketing efforts.

Special events are provided throughout the year and attended by 1000's of people on an annual basis. Revenue for special events is generated through event sponsorship. Annual sponsorship revenue fluctuates based on community support and the level of support given by the local business community. Every year staff struggles to secure sponsorship dollars in an effort to reduce the amount subsidized by the District. As our events grow, so does the need for funding.

Revenue associated with the aquatic budget is received through fees for swimming lessons, water aerobics and aquatic special events. Expenses include staff wages, staff training, aquatic maintenance and supplies needed to operate the aquatic facility.

The Aquatics Coordinator is regularly reviewing the pool schedule, water aerobics classes and swimming lessons offered and makes programming adjustments as needed.

The ccordinator also monitors attendance during of each type of swim and adjusts the number of lifeguards and managers to ensure that all shifts are adequately covered, but not over staffed. This year we will also be a host site for the World's Largest Swimming Lesson in 2016 as a way to promote swimming lessons saves lives. Staff will also be planning special themed open swims and movies in the pool in the upcoming year Creating fun for a Lifetime!

This year the triathlon will move into the aquatics budget from the fitness budget and will have its own line item as the result of job duties changing. The triathlon is in its 7th year . It has continued to be a success since it's inception in 2010, bringing many Oregon locals and even more participants from out of town and out of state. In 2015 we had 90 participants which was slightly lower than the previous year but considered a great success since all other local triathlons also saw a decrease, some even to the point of canceling their event. The triathlon is a great event that brings park district staff from many departments, board members, patrons and many of these volunteers recruited family members to help as well. Family and friends train together and provide inspiration to get active with each other and in our community.

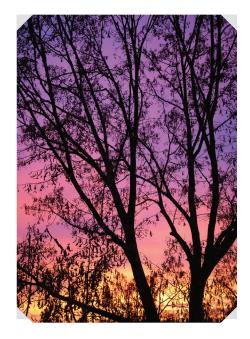

#### FACILITIES

The Maintenance Department Budget provides for personnel, supplies, materials, equipment, building repairs improvements. Personnel wages include 3 full time maintenance employees and approximately 20 part time building supervisors and custodians. This year's budget will reflect a continued importance in fiscal conservancy as well as a desire to improve and maintain our current infrastructure and facility. There are many wonderful portions of our facility that are in need of some updating. One area in particular is the pool surface area. Throughout the years the pool surface area has begun to deteriorate at a high rate.

One capital project for this year is to have the pool surface area professionally resurfaced. This includes draining, scraping, sanding, chemically treating and finally painting. Having a professional conduct the work will ultimately provide us with a pool area that will last longer and that we can again be proud of having.

In addition there are opportunities to integrate some of the boiler controls into our existing building automation system. This will give us more efficient control of the boilers and be able to observe and manipulate the boilers remotely. The sprinkler system is another area that is going to be upgraded from a life and safety stand point. There are certain testing procedures that must be conducted on an annual basis, the repairs and testing will be completed in accordance with State and Local Guidelines.

There are areas of the budget that will expand slightly in anticipation of some of the larger equipment that needs preventative maintenance conducted. With this preventative maintenance will be the integration of new software that will allow for electronic documentation of the maintenance conducted on all Park District equipment and facilities.

Staffing of the maintenance department will also begin to receive more in depth and thorough training on their individual and group duties. This will be completed by conducting an evaluation of the duties and establishing/ upgrading the policy for cleaning and maintaining the building and its spaces.

#### PARKS

Primary Parks projects for the 2016-17 fiscal year include an agreement with Pizzo and Associates to perform native prairie restoration north bioswale of Park West. We will be contracting them to perform site preparation to include a total kill of all vegetation and plant low growth native plants such as grass sedge and flowers. In order for them to make sure the area is successful they need to take complete ownership of this restoration. Stewardship includes control of all invasive and woody plants by chemical or physical means, burning, collecting seed, reseeding, and mowing, which has to be done the first year to a height of 6-8 inches or the seedlings are destined to fail. Again, it's in our best interest to contract with Pizzo and let them take control of this area to get it established since it has been such a problem getting established. It is our aoal for the future to make sure these natural areas become self sustainable. This will reduce district cost for the future maintenance in these areas.

The Parks Department will continue to serve the community through quality open spaces. Concentration on the introduction of additional perennials and low maintenance trees and shrubs will keep the District fiscally conservative in the future. The department regularly maintains all exterior play surfaces, to include: Playgrounds, Ball Diamonds, Tennis Courts, Wiggly Field Dog Park and countless shelters and decks.

#### Oregon Park District Goals & Objectives 2016 - 2017

The District's goals and objectives were developed to guide the District in development of programs and facilities. They are a roadmap of where the District is heading. Goals are more broad based and indicate the end desire. Objectives are more specific and outline how the goal will be achieved and are generally measureable.

#### **PROGRAM FEES**

The Districts program and activities fees revenue has increased year over year since 2005. The revenue increase can be attributed to both increases in overall participants as well as increased activities charges. The District has attempted to increase overall program fee revenue to help reduce the dependency on real estate tax use fo help subsidize youth programming.

#### **MEMBERSHIP FEES**

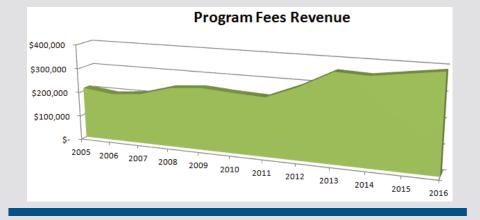

The District has realized an overall increase in annual membership fees since 2005. The only exception was during 2012-13 when the Nash Recreation Center was renovated. Many users had their pass suspended. The fitness center has continued to see an overall increase in use, resulting in increased pass membership sales. The District marketing of the facility through tours and trial passes has also had a positive impact on membership sales.

#### YEAR END FUND BALANCES

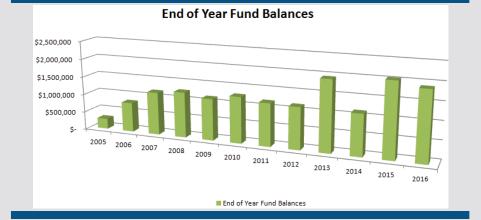

The Oregon Park District has utilized financial best practices to help position itself for short term sustainability. The Districts economic dependency on real estate taxes to operate combined with the reliance on a single real estate tax payer requires the District to develop well planned financial stability goals. Two tools that will The District will be using to acheive its long term goals are the development and implementation of a capital plan and funding machanism as well as maintaining fund balance aoals.

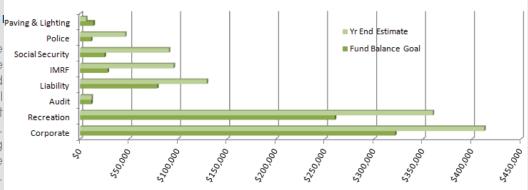

#### **FUND BALANCE GOALS**

The Oregon Park District fund balance policy (section 3.12) determined the District should have minimum fund balance goals of at least 25% for all primary operating funds. The District currently meets the goals in all funds. Administrative staff is investigating increasing the minimum fund balance goal to 50% annual operating expenses.
