Letter from the Director

With the warmth of summer on the horizon, I wanted to take a moment to reconnect and share the exciting developments occurring at the Oregon Park District.

Earlier this year, the Illinois Department of Natural Resources awarded a \$600,000 OSLAD grant to the Oregon Park District for Phase I of improvements scheduled at Park East (inland). Phase I includes improvements to the ballfield, basketball court, and enhanced accessibility. Additional recreation amenities will include a new playground, a disc golf course, a recreation path, and a new parking lot. The District will be working through the final designs and construction documents in 2024, with construction slated for 2025. We look forward to improving Park East and creating a dynamic space where families, friends and neighbors can enjoy the outdoors.

The District continues to forge ahead with engineering to complete the Rock River Heritage Trail, connecting our community to Lowden State Park. The trail will be a ten-foot paved trail traversing more than 1.8 miles from Route 64 to the Lowden State Park entrance. We remain hopeful construction will begin in 2025. Updates will be posted to our website at oregonpark.org and on our Facebook page.

We continue to prioritize improving our existing infrastructure and have budgeted for \$1.5 million in capital improvements for the fiscal year 2024. Improvements will include upgrades to mechanical systems at Nash Recreation Center, park maintenance equipment upgrades, and park specific improvements. Focus on our existing infrastructure stems directly from community input received and recorded in our comprehensive plan, approved in 2017.

As you look through the pages of our Summer Guide, you will quickly see the wide range of extraordinary events and programs scheduled for the coming months. Details are included in the guide, but I personally would like to highlight a few noteworthy events. The Oregon Park District will be dedicating the Park West Tennis Courts in honor of Bill Hinkle on May 24 and the Lions Park Field in honor of Larry Young on June 14. The dedications were approved by the Board of Commissioners on November 14, 2023. Both will be family friendly events including music, fun and food.

On behalf of the Board of Commissioners and staff, I invite you to join us at our parks, facilities, and programs to experience a summer filled with fun and exciting opportunities.

Sincerely,

Erin Folk
Executive Director

Catch the Wave Swim Club structures the program to provide much more than just swimming lessons. Our curriculum, teacher training, evaluation system, and parent communication are all designed to provide a total Aquatic Education. Our primary technique to achieve water safety is to teach all students to comfortably live in the water. When a student truly learns to live in the water, the strokes come easily. We find that when a child enjoys the lessons, the more successful the learning process is. Therefore, our priority is to create a happy atmosphere.

Small class sizes • Professionally trained teachers
Consistent, year-round approach • Private swim lessons available
Flexible scheduling & make up classes offered

20 Seasons of Vintage Base Ball

This spring, the Oregon Ganymedes Vintage Base Ball Club will be celebrating their 20th season of playing the sport of vintage base ball. This all-volunteer educational outreach program of Oregon's not-for-profit Chana School Museum has been playing 1858 to 1867 vintage rules base ball games for the public since 2005.

Vintage base ball teams play by the earliest rules of "America's pastime" when players did not use gloves, teams wore wool uniforms, hit with big wooden bats and played a faster-paced gentleman's game. The early rules are just quirky enough to make the games interesting and fun to watch.

The club is made up of players from all occupations that have ties to the Oregon community. They range in age from twenty to seventy. Over 80% of the current team graduated from Oregon High School and all have learned to master the bare-handed skills and rules differences needed to play vintage ball. Well over a hundred players have put on the gray and red Ganymedes' uniform since the club was started twenty years ago.

"We play Base Ball the way it was meant to be played to educate and entertain our guests," said Ganymedes Captain, Mark Herman. "It was a game designed for exercise and plenty of exciting action for both the players and spectators...the rules of Base Ball have changed and evolved over the years from when it first started in the mid-1800's", Herman said.

The Ganymedes are ambassadors for the City of Oregon when they host teams at Oregon Park East and as they travel throughout the Midwest and beyond playing at historic towns, museums and festivals. The Oregon team has developed a reputation as one of the best vintage base ball clubs in the Midwest.

To date, the club has played over 250 games against fifty different vintage base ball clubs from eight states. Their home games are played Saturday or Sunday

afternoons from May until August on the open grass field next to the Chana School Museum at Oregon Park East. The games are free and spectators should bring their own chairs or blankets to watch the games from under the shade trees at the park.

To mark the club's 20th anniversary season, the Oregon Park District will be adding a permanent scoreboard to the open field at Oregon Park East where the Ganymedes have played all their home games since they began 20 years ago. The field has been named "Iron Chest Field – Home of the Ganymedes" to recognize the Oregon Ganymedes Base Ball Club's founder and Captain, Mark "Iron Chest" Herman.

Local artist and sign painter, John Barnhart will hand-letter the new scoreboard in the style of the mid-1800' using colors and fonts that were popular of the times. The score board will come complete with small black numbers to hang on nails to show the runs after each inning of play. "John will be making us one of the most beautiful and historically unique vintage base ball score boards in the country," Herman said. "The team is excited to finally get a proper scoreboard for our beloved home field".

During this year's upcoming 2024 season, the club will have four home doubleheaders at Iron Chest Field as well as nearby away games in Creston, Grand Detour and Malta. The Ganymedes have also been invited to the 12-team Portage Vintage Base Ball Festival near Kalamazoo, Michigan in June as well as the Gettysburg 19th Century Historic Base Ball Festival in July. The Gettysburg tournament will feature thirty clubs from fifteen states held on a farm adjacent to the Gettysburg National Battlefield Park in Gettysburg, Pennsylvania.

The Ganymedes will once again represent the state of Illinois at the World Tournament of Historic Base Ball event at The Henry Ford Museum of American Innovation Greenfield Village in Dearborn,

Michigan in mid-August. This will mark the ninth time that the Oregon club has been invited to this prestigious 12-team tournament that features the best vintage base ball clubs from five states. This is an extremely competitive event that attracts thousands of spectators and is the highlight of the club's season.

So, what is a Ganymede? The name Ganymede was first linked to the City of Oregon when the famous journalist Margaret Fuller visited Oregon in 1843. During the city's 4th of July celebration, she observed an eagle drinking from a spring on the bank of the Rock River and authored the poem "Ganymede to His Eagle" which was published nationally. According to Greek mythology, Ganymede was a youth that was carried off by an eagle to Mt. Olympus to become the cup bearer to the gods. As a result of her poem, Ganymede Spring and the City of Oregon soon became a tourist attraction.

To learn more about the sport of vintage base ball, check out the Vintage Base Ball Association at vbba.org. For more information about the club, visit the Oregon Ganymedes Base Ball Club Facebook page.

The Nachusa Grasslands preserves and maintains 4,000 acres of habitat, including 700 plant species, 180 bird species, 30 reptile and amphibian species, and a herd of bison. We will meet at Nash Recreation Center and take a Park District Van to the grasslands, where we will explore oak savanna and prairie areas on foot with Nature Conservancy staff. Learn about how these restored habitats are established and maintained with a chance to see wildlife. There will be a short ride through a portion of the bison enclosure for a chance to view the herd. The morning session will include a longer and more strenuous hike.

Over the years, Bob expanded his skills to include painting, scene design, musical composition, playwriting, sculpture and cartooning. Saturday, May 25
Doors Open: 9:00 am
Presentation Time: 10:00 am

On November 28, 1836, Bob Diven's fourth great grandmother Martha Eliza Mix was born in a log cabin in the new settlement of Oregon City to a widow from New York and a mysterious divorced father from Vermont. So begins the tale of how the threads of English, Dutch, Ulster Irish, Scottish, and German settlers in the New World were woven together in this small town on the Rock River. Based upon his book of the same name, Bob will recount his journeys of pilgrimage, discovery, and understanding of the deep American history that led him.
